

Nancy Main

Nancy Main's sculptural ceramics seek to give physical form and expression to the subtle nuances of human feelings experienced as we journey through life; in our relationships with one another and with the earth. She works from the Suffolk pottery studio and teaching space Yoxford Makers, which she founded in 2021.

EDUCATION

1993 PGCSE Primary Education – University of the West of England
1992 BSc Hons Psychology - University of Hull
